

Explore Cascades

I can spend 30 minutes, even an hour, to convince you what the experience would be from driving a Mercedes compared to a Volkswagen Beetle.

I will however waste my time unless you get in the Mercedes and experience it yourself !

Now,

we rather let you drive Cascades... experience and test it before deciding whether Cascades is a fit for you... we are so confident that we can help you that we'll allow you 30 days before Activation... and we will be there all along to guide you during the exploration period

You enjoy full access to all Functionality
(excluding the Imports of Contacts and Tasks)\
– otherwise no other Restrictions !

Download the Setup Guideline to save time.

- Setup your Company
- Create your Assignees along with their Access Permissions.
by the way – we talk Assignees not Users !
- Create your Contacts – Customers, Suppliers etc.
- Create the Tasks to be performed by each Assignee

You are guided with Online Help Files at every level

You are now ready to start your Cascades experience

Task and Contacts Management are the basic critical components to manage the multitude of activities in your business.

Other integrated functionality in Cascades

- Appointments Scheduling
- Messaging
- Reminders
- Etc...

Each Assignee will have their own To Do List and depending on Permissions Settings could have access to other Assignees.
